The Kansas Herald of Freedom, which was destroyed by the Border Ruffians, under Sheriff Jones, at the sacking of Lawrence, last summer, has been re-established. The brave and daring editor, Geo. W. Brown, Esq., has been imprisoned all summer with Gov. Robinson, and others, because they desired and endeavored to make Kansas free to white labor. Mr. Brown had taken to this far off re gion a power press and two hand presses, a large assortment of type, a valuable library, large assortment of type, a valuable library, etc. He having been arrested for no offence except loving freedom better than slavery, this mob, under the protection of President Pierce, broke up his presses, threw his type into the river, burned up his library and set fire to his office. But with a courage and devotion worthy the cause, Mrs. B. resolved, while her husband lay in prison, to raise the means for re-establishing the Heraldoj Freedom, which was such a terror to border ruffians and slavery propagandists. For this ans and slavery propagandists. For this purpose she visited the free States with a simple statement of their wrongs. The reappearance of the Kansas Herald of Preedom is the result. Mr. Brown is out of prison— on bail. The Herald of Preedom is a large and beautiful sheet, published at Lawrence, Kansas Territory, by G. W. Brown & Co., at \$2 per year. Bills on banks in good standing pass freely at Lawrence, enabling Eastern people to send the price of succeription without impediment.—Ithaca, N. Y. Journal.

This sterling sheet, published by our friend Brown, the traitor, (?) is alive again, and makes its appearance, after six months ab-sence, enlarged, and filled, as in former days, with interesting news from the disputed Territory. The engraving at the head, and also most of the head letter, the editor informs us, were fished from the Kansas River, where the type were thrown by the Misson-rians on the 21st of May last. With an able corps of assistants, Mr. B. promises that the Herald shall not be a whit the less independent and fearless for the persecution and im-prisonment of the editor; that whether it eads to fortune or the scaffold, it shall be error to tyrants and a sworn foe to dema gogues. Persons who wish to keep posted with authentic news from Kansas, or aid in the establishment of a free press in the Territory, should subscribe at once for this pa-
